

## Features added to Troy Vision V3.0.75.0

### Companies

The Contracts tab on the Company page has been enhanced so that the location of the contract is now shown. The grid view shown in *figure 1*, now shows the location and the list view can be changed so that the location column can be added to it.

The screenshot shows the 'Contracts' tab in the Troy Vision software. On the left, there is a 'Contract Breakdown' grid with categories: Working Contract, Unconfirmed, and Unauthorised. On the right, there is a detailed view of contracts. Two contracts are listed:

- Miss Sylvia Currie** (HR Manager): Location: Terminal 5, Heathrow Airport, SL5 4ET, England. Start: 17-Jan-2022, End: 07-Mar-2023. Pay Rate: 300.00, Charge Rate: 375.00, Per: Hour, GPM Margin: 20.00%. Status: Terminated.
- Ms Kate Scarborough** (360 Excavator): Location: Head Office. Start: 16-Mar-2020, End: 25-Sep-2020. Pay Rate: 9.50, Charge Rate: 10.00, Per: Hour, GPM Margin: 5.00%. Status: Terminated.

## Features added to Troy Vision V3.0.75.0

It is now possible from within a list of companies to show the active job count against each company in the list. The feature is only available when the details (column) view is being shown. On the tool bar a new icon has been introduced which enables this feature, *figure 3*.

When clicked Troy will get the number of active jobs for each of the companies in the list and display the number in a new column added to the end of the view. The number of active jobs will also be displayed alongside the company name, for example ABC Limited x 3, will indicate that ABC limited has 3 active jobs. For companies without any active jobs, just their name will be displayed, see *figure 4*.

The active jobs column will persist until the page is closed, so any other company searches carried out will automatically include getting the active job count.

## Features added to Troy Vision V3.0.75.0

Please note, that if you have a large number of companies in the list, the retrieval of the active job count may take a little while.

### Users / Consultants

It is now possible to enter the consultant's direct phone number in addition to their mobile, see *figure 5*. This phone number can then be merged on email and SMS templates.

The screenshot shows the 'User Properties - DONALD' form. The 'Details' tab is selected, and the form contains the following fields: 'Log into Troy as:' (DONALD), 'Name:' (Donald Duck), 'Title:' (Office Administrator), 'Password:' (donald), 'Starting Division:' (Troy Interims), 'Mobile No:' (empty), and 'Direct Phone No:' (01344 753503). The 'Direct Phone No.' field is highlighted with a red box. Below the form, there is a 'Tasks' section with a checked checkbox for 'Send tasks to Outlook'.

### Other

A problem has been resolved when drilling down from a company to a person, and then searching for another person and creating a note, the note was connected to the company drilled down from.
